Summary

I am currently pursuing a Bachelor's degree in Computer Science from Sir Syed University. With a foundational understanding of cybersecurity, I am eager to expand my knowledge and gain hands-on experience in the field. I am enthusiastic about applying these principles in a real-world setting. I am highly motivated to contribute to a dynamic team while furthering my skills in cybersecurity.

Skills

- Decision Making Capabilities
- Effective communication
- Problem Solving
- Programming languages (Python, C#, C++)
- Web Development(HTML, CSS, Javascript)
- Database (SQL)

Projects

CAR SHOWROOM:

- **Description:** Developed a comprehensive company website for a car showroom that facilitates the buying and browsing of cars & bikes
- **Technologies Used:** C#, MySQL

ALLURE MANAGEMENT SYSTEM

- **Description:** Developed a comprehensive web application for Allure, a company specializing in organizing events such as birthdays, seminars, business meetings, and weddings. The system streamlines event management, allowing users to book and manage events seamlessly.
- **Technologies Used:** HTML, CSS, JavaScript (later converted on react).

Education

October 2021-present

Bachelor of Computer Science: Sir Syed University Of Engineering and Technology

Certification

Cisco Certified Introductions To Networks (CCNA-V4)
